PURL AND BULLION is available in three textures – Rough/Wire have a matt surface, Bright Check has a shiny faceted surface, and Smooth/Bright are smooth and shiny. Purl size 9 is the finest, then 8, 7, 6, 5, followed by Bullion Size 1, 2, 3, and 4 which is the thickest that we stock. Both Purl and Bullion are normally cut and stitched down in bead-like pieces. All sizes of Purl and the two smaller sizes of Bullion are sold in 50cm. lengths, the two largest sizes of Bullion are sold in 20cm. lengths. As they are manufactured in fairly short lengths, some packs may contain two pieces to make up the length. Pearl Purl is normally extended and couched down in a continuous length, therefore lengths of Pearl Purl longer than 50cm. are normally supplied in one piece. Pearl Purl sizes range from Very Fine to No.3 (the thickest).

GILT BULLION:

GILT WIRE BULLION:

Size GWB 1	£1.30 per 50cm.	Size GWB 3	£1.20 per 20cm.

The Goldwork Guild www.thegoldworkguild.co.uk

The Goldwork Guild was formed in 2004 for those interested in the practice of or research into metal thread embroidery, and welcomes everyone who is interested in the subject, whether they have a lifetime experience or have never carried out a goldwork project

Between January 2004 and April 2008, a series of quarterly partworks was produced embracing good working practice and design, historical research, and the use of goldwork all over the world. The importance of gold embroidery to the military, religions of all kinds, and ceremonial occasions has also been explored. Tradition is not ignored, neither is goldwork of the twenty first century. The partworks each consist of twenty four A4 pages, four of which are in colour. Each issue costs £4.50 including p&p. All parts are now available in four volumes each containing four or five issues – see page 12

Since July 2008, the partworks have been replaced by an A5 quarterly magazine which contains worldwide modern and historical features, details of classes, equipment and materials, features about embroiderers, technical instruction, and information about national and Guild events. Issues 1 to 4 are available at £2.50 each including p&p. From July 2009 the annual subscription is £12, individual issues costing £3 each including p&p.

Meetings have taken place in Gloucestershire twice a year since April 2004, and there have been other meetings in Lincolnshire and Essex. Visits have taken place to venues such as the V&A, Canterbury Cathedral, The National Army Museum, Liverpool Cathedral, and National Trust properties with a goldwork collection. An exhibition of members’ work took place in 2006 at Dean Heritage Museum in Gloucestershire. Further events and a second exhibition are planned

Membership of the Guild is free to those purchasing the magazines on an annual subscription, but you may buy any issue without further commitment

If you are interested in purchasing copies of the Goldwork Guild partworks, or magazines, or wish to take out a subscription, please complete and return the form below to: Sheldon Cottage Studio, Epney, Gloucester GL2 7LN

cut

Please send me: Part 1/Part 2/Part 3/Part 4/Part 5/Part 6/Part 7/Part 8/Part 9/Part 10/
Part 11/ Part 12/Part 13/Part 14/Part 15/Part 16/Part 17/Part 18* of The Goldwork Guild at £4.50 per issue, which includes p&p.
